

Are you our new head coach?

The Board of Kongsvinger Figure skating club is looking for a new head coach to develop our existing coaching team.

Kongsvinger is located in southeastern Norway, one hour from Gardermoen airport, and one hour from Oslo. Kongshallen, which is our new modern ice rink, is located in the city center.

Working as head coach with our club can be combined with other training missions or other work.

Since our club was established in 2014, we now have eight figure skaters in competition classes, and more figure skaters who are on their way up. Our figure skating school has three courses per season, in which approximately 25 skaters participate per course. During school holidays our camps have been popular for skaters from both Kongsvinger and other clubs.

In Kongsvinger we have Norges Toppidrettsgymnas NTG and NTG-U, a high school and secondary school with athletic education. One of Kongsvinger Kunstløp's main goals is to achieve a program for figure skaters – in which our head coach could have interesting possibilities.

Today our club has 2 students attending NTG-U secondary school.

AS OUR HEAD COACH YOU WILL GET

-  A committed board that will develop the club together with you
-  Motivated figure skaters and parents
-  Agreed payment that will be invoiced by you
-  Work minimum 3-4 afternoons a week and more

YOUR TASKS WILL BE:

-  Plan and implement training at all levels, both on-ice and off-ice training sessions
-  Develop figure skating programs with choreography and music
-  Prepare and follow up figure skaters during competitions
-  Cooperate well with the club's board, other coaches, parents and figure skaters
-  Plan and implement shows / performances for our special events and course completions
-  Be the main contributor to the club's future development

WE WISH:

-  That you have the education and experience as a coach
-  That you are outgoing, easy to work with and communicate well
-  That you speak a Scandinavian language or English
-  That you are an inspiration for figure skating sports

We look forward to meeting you!
